Carmel Point has been a spot which has offered inspiration for nearly as long as Carmel has been on the map. Almost everyday, warm or cold, foggy or sunny, appreciative residents can be seen watching gleefully the funny, carefree otters a few feet off the coast break abalone shells against their chests, and play with one another in and out of the rocks.

Pandering Advertising Law Provides Protection Against "Smut" Mail

Mail patrons offended by pandering advertisements can now take steps to curb such mail, Postmaster Fred Strong said today in announcing plans for administering a new law which gives each family the right to decide that an ad is "erotically arousing or sexually provocative."

When an advertisement sent through the mails is offensive on these grounds, a postal patron can now ask the post office to direct the mailer to send no more mail to him and to remove immediately the patron's name from all mailing lists he owns, controls or rents.

To assist patrons, the Post Office Department has published a brief pamphlet **How You Can Curb Pandering Advertisements** — which is now available at the Carmel post office. In addition to explaining how the law works, the pocket-size leaflet contains a form letter one can use when sending his complaint to the post office.

The pamphlet explains that

when a patron receives an advertisement which is, in his opinion, pandering, he must send the ad, its envelope and the form letter, or one which includes its language, to his post office with the words, "Request for prohibitory order" on the face of the envelope.

The Postmaster said: "This new law should give some protection to American families offended by advertisements they believe to be morally harmful, particularly to their children."

"Last year the Post Office Department received some 140,000 complaints from those offended by pandering advertisements. While in most cases the ads were not legally obscene and were therefore mailable, they are often offensive and are usually not the type of material one would want his children to read."

He added that "because the law gives a mail patron the sole right to decide what is offensive, and does not deny others the right to receive the same mail, the Congress

felt it does not violate Constitutional guarantees of freedom of speech."

While the patron's complaint will only be directed to the sender, Postmaster Strong believes that one or two complaints will provide substantial protection because "the great bulk of this advertising comes from fewer than 20 so-called 'smut dealers' who are frequently swapping mailing lists."

If a mailer does not strike a complainant's name from this mailing list, and the patron receives a second mailing 30 days after the firm has received the prohibitory order, he may bring the matter to the attention of the postmaster issuing the initial order by writing him and enclosing the second pandering ad with its envelope. If the mailer still fails to respect the order, the Postmaster General may ask the Attorney General to apply for a Federal Court order directing compliance. Failure to observe the order may be punishable by a fine or imprisonment.

Commission Considers Sunset Site for Library and Post Office

The fate of Sunset Center is still not clear even after the rezoning ordinance passed two weeks ago, but it makes going much easier for the Carmel Cultural Commission.

At their meeting Monday evening the commissioners continued work on the Master Plan for the Center and decided that two questions must be answered before too much more headway could be made. They are whether the Library would be interested in locating at Sunset and if the Carmel Post Office would consider moving to the Center.

According to Dr. James Gilman, Chairman, the results of questionnaires the Library sent out indicated that the populace wanted the Library to remain where it is. Gilman appointed James Pruitt, Patricia Faul and Donald Teague to contact the Library and explore the possibility of moving to Sunset.

Post Office

The same commissioners were assigned to talk with

Post Master Fred Strong about the possibility of moving the Post Office to the Center.

When Fred Strong was contacted by the Pine Cone yesterday, he said, "I've heard before that some of the people over there were

Computer Course At Carmel High Summer School

A course in use of the computer is a certainty this summer after Carmel School Board approval last night of the rental of a machine. The district will share the total cost of \$5000, with the NDEA picking up half.

The computer will be used for both math and science, and the teachers will have a chance to field test it before offering the course in the fall.

Dr. R. E. Newton said that the machine proposed is amazingly versatile.

A recent survey of Carmel High School disclosed that 226 of 613 responding would indeed be interested in taking one or more courses next summer. Civics, of courses required for graduation, proved to be the most popular, with 26 listing it as their

Aerial Field Trip For Middle School

Geological formation best seen from the air will be shown eighth grade science students at Middle School on May 5 when Pacific Airlines makes available five flights on its 40-passenger scenic jet at a nominal cost to students. The Monterey-Salinas Valley, in a 100-mile radius, will be included in the field trip.

Mr. Alfred Kolb, science teacher at Middle School, gave a dramatic presentation using slides, of what was in store, before the Carmel School Board last night. He also showed some of the new equipment used by children in learning about earth science, and passed around fossil rocks found by youngsters near here.

Mr. H. F. Chapple, Assistant Principal, explained the months of detailed arrangements, results of favorable answers to questionnaires sent to parents, and checking with the Army and airlines.

Chief Takes Delivery On Patrol Car

Last week Chief Clyde Klaumann took a trip to Sacramento and returned to Carmel with a shiny, new, "super powerful" police car.

It is identical to the Highway Patrol cars in color as well as appearance. The Chief and Mayor Barney Laiolo agreed that the color need not be changed to our normal green. Chief Klaumann said, "Anyway, a lot of people accuse us of using our green cars to hide in the trees waiting for them."

The 1968 City Budget calls for the acquisition of two such automobiles and the orders have been in for some time; but, the State has been swamped with similar requests and had to fulfil State obligations first. However, when one of our old police cars just wouldn't go one morning, the Chief made a quick phone call to the cap-

itol and he was in business. He was told to go to Sacramento and a car would be waiting.

The Dodge Polara, largest of the line, meets all State specifications and has a 440

magnum engine which has a special cam, double snorkel air cleaner and dual exhaust.

This police car was purchased at quite a savings to the City. The purchase price was considerably less and there was no required trade-in. This model and make promises to be a more substantial and economical automobile.

Theatre Review

CLOSELY WATCHED TRAINS . . . best foreign film Academy Award. A Czech film about a young assistant station master fighting adults. Humorous.

TWO FOR THE ROAD . . . stars Audrey Hepburn and Albert Finney. Cosmopolitan Magazine described it as "A very beautiful sexy and totally charming adult movie." Consider the source and make your own evaluation.

THE 10TH VICTIM . . . A way out, futuristic film about a human hunt for money. Ursula Andress is beautiful and for the most part, partially clothed.

DR. ZHIVAGO . . . What more can be said about this marvelous film than what has already been said by the awards it has won.

PLANET OF THE APES . . . An astronaut returns to earth after several hundred years to find that the world is dominated by Apes. Make

up is marvelous and the idea is scary. The cast is great.

THE GRADUATE, interesting, if not completely compelling, comedy. Dustin Hoffman is excellent in the title role. Anne Bancroft is extremely good as the woman who seduces him and Katharine Ross is attractive as her daughter with whom Hoffman falls in love. The picture argues that all over 30 are dishonest, corrupt and unthinking.

HEAT OF THE NIGHT . . . Rod Steiger won an Academy Award for this one, justifiably so. A young negro policeman is picked up for murder in a Southern town, and ends up helping convict the true murderer.

GRAND PRIX . . . a beautiful film cinemagraphically speaking. Stars actually race at high speeds while filming this magnificent picture in 70 mm film. Full stereophonic sound adds to the impact. Exclusive Monterey County showing.

'Yours, Mine And Ours' Premiere Coming To Cinema 70 May 1

Hollywood is coming to Monterey on Wednesday, May 1, when Cinema 70 will celebrate the West Coast premiere of United Artists' comedy-drama, "Yours, Mine and Ours," starring Lucille Ball, Henry Fonda and Van Johnson. This comedy, patterned after the experiences of Carmel's famous Beardsley family, will open with all the fanfare of a Hollywood premiere.

United Artists is now making every effort to arrange for a personal appearance of Lucille Ball and producer Robert F. Blumhofe, as well as other Hollywood dignitaries.

Mr. Paul Speegle, formerly the nationally-known drama critic for the San Francisco

Call-Bulletin, now director of public relations for Roos-Atkins and well-known permanent panel member of the popular television show, "Oh, My Word," will act as master of ceremonies. Many dignitaries from San Francisco and other cities, including columnists and drama critics have been invited. Officials on State, County and civic levels will be here, as well as the Beardsley family (all 22 of them) to greet visitors.

Tickets for this premiere are now available at Cinema 70, the Steinbeck Theatre, Valley Cinema, Abinante's Music Store, Central Box Office in Carmel, the Rexall Pharmacy in Marina, and at Beardsley's Morrow's Nut House in Del Monte Center.

David Moore of Woodside, William Mackall Jason, Atherton, of the Northern California Polo Team, and Peter Vought, Aspen, Colorado of the Southern California team which played in the opening polo match at the new Pebble Beach Polo Field last week-end.

Pebble Beach Polo Field Opens

It took an extra chukker to play off the 10 to 10 tie. A winning goal by Greg Baldwin of Woodside, gave the Northern team a close 11-10 victory. A large crowd was thrilled by the fast action and the beautiful horses. The game brought back memories to many of the days when polo was played on the old

Del Monte Field, south of the fairgrounds. The new field was named Collins field announced Aime Michaud, in honor of Richard Collins, veteran equestrian director at Pebble Beach. A colorful bagpipe band marched on the field at the half as spectators got some exercise picking up divots.

Middle School Visits Junior College

Science students at the eighth grade level visited the Monterey Peninsula College science department on Wednesday and Thursday last week. Special courses, such as "From Field to Seashore", Creative Writing, Elementary Typing and German, have been provided by the Lyceum, to high ability stu-

dents. Twenty-two certificates of completion have been received. Students are being nominated for summer music camp and a course in "Beginning Adventures in Probability and Statistics." Three sequoia trees were donated to Middle School by Mr. and Mrs. Hugh Smith recently. They are planted near the school entrance.

Del Monte Annual Report

Del Monte Properties Company's annual report covering 1967 was released April 23 by A. G. Michaud, president. It showed an increase of \$56,326 in net earnings over last

year's \$547,081. Net income per share of stock for the year was \$.503 as compared to \$.456 in 1966. (\$547 in 1965) As of Dec. 31, 1967, total company assets were reported at \$11,956,489 including \$8,425,397 as the net, depreciated "at cost" value of land buildings and equipment. This is an increase of \$1,165,296 over 1966.

Remarriage PWP Panel Discussion

A program sponsored by Parents Without Partners may give those members of the community who may be contemplating remarriage a candid view of the possible pitfalls and windfalls therein at the group's monthly meeting tonight, Thursday, April 25. "Remarriage: Holy Union or Hollow Re-run?" is the title of the discussion topic which will be examined by a panel of professionals at the Mark Thomas Inn, Monterey, at 8:00 p.m.

Representing their areas of expertise will be: Carmel attorney Richard Tourangeau; the Rev. Lloyd Johnston, assistant rector of All Saints' Episcopal Church, Mrs. Joan Spear, psychiatric caseworker with the Monterey Family Service Agency, and Mrs. Jane Silvertsen, clinical psychologist with the Monterey County Health Department. Following the discussion there will be a social hour during which visitors and guests may learn more about the aims and activities of PWP. The organization is devoted to the welfare and interests of single parents, whether widowed, divorced or separated.

Why Do CHS . . .

Students going to and from the High School, walk out on busy Ocean Avenue instead of the wide foot path that parallels the street?

Other highlights included: 1967 ground lease income was reported as \$118,935 of which \$19,884 was received from the Del Monte Center in Monterey which opened in September. Michaud predicted that income from ground leases will reach \$220,000 in 1968 and \$320,000 in 1969. Occupancy rate at Del Monte Lodge increased from 69 to 73 per cent over 1966. Gross revenues of the hotel division were up from \$3,159,239 to \$3,942,637.

Sand division revenue decreased from \$1,318,588 in 1966 to \$1,253,055 in 1967. The Union Oil-Dutch Inns' gas station, motel and restaurant project on Del Monte property on Carmel Hill is expected to open this year with a minimum annual rental of \$24,000 per year. A 300 unit Hyatt House on company land by Del Monte Golf Course will open next year to ultimately provide annual land rent of \$50,000.

As additional information, Samuel F. B. Morse, Chairman and Chief Executive Officer of the Company owns 291,400 shares, Mrs. Morse 58,000 shares in aggregate 29.1% of the outstanding securities of the Company. As of April 24, The Carmel Pine Cone received a quotation on the Company stock from Irving Lundborg & Co. of \$22 bid, 22 3/4 asked.

Girl Hitchhikers Arrested

Two 19-year-old San Luis Obispo girls were arrested last week by Carmel Police for hitchhiking on Ocean Avenue at Santa Fe.

The two young "ladies" stood thumbing a ride from any stranger which might pass when Officer Doyle stopped to warn them they were breaking the law. As he drove on he could see in the rear view mirror they had taken their positions again hitchhiking.

Doyle made the block and as he approached, the girls scampered back to the sidewalk but too late to avoid arrest. The girls were booked, fingerprinted and turned over to the Monterey courts who released them with no more penalty than a warning.

As sound investments, the letter mentions General Motors, General Electric, Gillette, Goodyear, Marine Midland, Louisiana Land & Exploration, Sears and Bank of America.

Children's Home Society Film

A film, "The History of the Children's Home Society," will be shown as part of the forthcoming meeting of the Childbirth Education League of the Monterey Peninsula. It will be presented by Mrs. Barbara Marin, a case worker for the Children's Home Society, who will also lead a discussion and answer questions about her organization after the showing.

The meeting will be held in the Monterey Savings Community Room located in the Estrada Adobe on Monday, April 29th, at 8 p.m. and is open to the public at no charge. Refreshments will be served.

The sponsoring group, the Childbirth Education League of the Monterey Peninsula, is a non-profit organization which promotes through the medium of films, pre-natal classes and lectures the concept of natural, family centered childbirth. The League also maintains a Lending Library and a specially chosen group of members to counsel new mothers on questions about their newborn baby, breast feeding or any other concerns she may have. Further information about the April 29th program or the League and its activities may be obtained by phoning Mrs. Kennedy White at 624-4538 or by writing to the League at P.O. Box 6628, Carmel.

Loomis Wines Sell Part Interest

Last week one half interest of the Loomis Vineyards was officially transferred to actor Eddie Albert and Al Petker of Beverly Hills, and both made their first visit to Carmel where they chatted and sang songs with Loomis Wine Cellars manager Paul Sidone.

The pair arrived at Loomis Wine Cellars Saturday morning from the South. Their tight schedule only allowed them to visit in Carmel for a few hours before they were off again in their private aircraft to other Loomis Wine Cellars in Vacaville and Oakland. More Loomis Wine Cellars will be opened in Disneyland, San Diego, Beverly Hills and other cities on the West Coast.

The new owners have already begun promoting the Loomis Wines on the 900 Eddie Albert radio shows broadcast throughout the country. His show features songs, anecdotes and philosophical stories, a specialty of Mr. Albert. Plans are under way now to promote the wines nationally through television as well as additional radio

spots.

Al Petker made public for the first time that Albert will star this Christmas with his wife Margo and their children on an hour special television show. He is also releasing an LP album "How Lovely Is Christmas" which

will feature six original songs.

According to Mr. Sidone, the wines are exclusively from California vineyards and are chosen from the best available soils.

The Sidone family hails from a long line of wine im-

porters. Mrs. Sidone's parents were known to Europe as being the biggest wine importers of Scotland. The family came to the Peninsula from Vancouver, B.C. where Paul was head of the English and History Department at Vancouver State College.

Mr. & Mrs. Eugene James were greatly surprised when they cut the cake at their recent reception at La Playa Hotel in Carmel. A cry came from within the cake and out jumped Miss Joanie Stevens, a friend of the bride and groom, who had been reportedly unable to attend the wedding. The huge 6-foot-6

tier cake was created by Hector De Smet's Purity Bakeries and the surprise was planned by Mr. Frank Binford of Executive Air Travel at the airport in Lincoln, California. Mr. James' business partner. The bride is the former Miss Paula Clam- pett of Carmel.

Music Notes

Bach Festival Party at Mac Kays

For Carmelites, especially those who live within "hearing" distance of Carmel High School Music Hall, that time of year is here again.

Each Tuesday evening (since mid-February) members of the chorus for the 31st annual Bach Festival gather at Carmel High School to sing.

A gala event for the chorus that has become a tradition—it is the reward that comes half-way through the rehearsal season—is the supper-party after rehearsal given by the Festival's executive secretary, Mrs. Alastair MacKay.

On Tuesday evening the MacKays' lovely home was ablaze with light, great logs crackled in the stone fire place and the great table in the dining room fairly groaned with supper temptations that are Michel MacKay's specialties.

Forty happy singers exchanged tales of "remember when—" Applause for seniority went to Mrs. Anna Pundt of Carmel who sang in the chorus of 1942. Bruce Grimes and Les Rhinehart of Carmel and Mrs. Forrest Williams of Pacific Grove have each sung in 11 Festivals.

Happily relaxed after conducting the chorus rehearsal Festival Director-Conductor Sandor Salgo joined the party, contributing his own tales of "remember when". With Mrs. (Priscilla) Salgo, Choral Assistant, the Salgos traveled from Stanford University for the rehearsal and the party. Also honored guests were the Festival Board of Directors President Arthur Dahl and Mrs. Dahl of Pebble Beach.

As she has done through many springtimes, Mrs. Walter Lehman, 1st vice-president of the Festival Board of Directors, assisted Mrs. MacKay as hostess while, backstage, in the gleaming kitchen affable Alastair MacKay and Miss Mary Lynn Martini, the Festival office assistant, engineered the steady stream of tempting dishes to the happy and hungry guests.

The 31st annual Carmel Bach Festival will be held July 10 to July 28. Season tickets are available until April 30. Until June 1, all ticket orders are handled by mail only. They should be sent to Carmel Bach Festival, P. O. Box 503, Carmel 93921.

Unique Tapestries Featured At Henderson Gallery

Martha Mood's religious tapestries are hanging in churches around the country, but there is no end to the variety of her work. Much of it is amusing, like her head of a rooster, or her gulls sitting on piling in front of a fishing shack, but all of it is unusual.

The gallery, run by Carmelite, Anne Henderson, also features the expressive painting of Richard Hornaday, the low-relief carvings of Vernon Smith, the sophisticated primitives of Ralph and Martha Cahoon, as well as other fascinating art objects.

Anne and her husband, nationally known photographers, away on one of his annual cross-country tours at the moment, are both from Cape Cod originally, and many of the things shown are from that area.

Music Scholarships

It's music scholarship time at Monterey Peninsula College again.

Dr. Harvey Marshall, MPC music department chairman, has announced that May 1 is the deadline for receipt of applications for a number of \$400 scholarships offered annually, courtesy of the Monterey Jazz Festival, "for the education of young instrumentalists in both the classical and jazz fields."

Auditions for the scholarships, to be held May 22 in the MPC Music Hall, area open to junior college students, graduating high school seniors and others who qualify for admission to MPC.

"Summer's Bounty" is the title of one of the colorful, imaginative stitcheries (applied tapestries) of award-winning Martha Mood which have become most exciting collector's items. The tapestries are shown exclusively by the Lester Kierstead Henderson Gallery at 712 Hawthorne Street, just above Cannery Row.

The East Is Still Mysterious

By Hildegard (Mrs. Alvin J.) Ferrera

Many people have asked me what places on my five months trip around the world were the most interesting. That is difficult to say as each country had much to offer. However, even seeing it for the second time as I was, Srinigar, the capital of Kashmir, often called the Venice of the Orient, is the most strange and lovely spot of all. It is easy to imagine myself back in the bazaars of medieval Asia when I remember Srinigar's markets, the colorful shops along its main streets, the river Jhelum, all of which were important stop-overs on the caravan routes from China to the Middle East a thousand years ago.

The Moghul Gardens are located a few miles from Srinigar near Dal Lake. The three gardens are much alike, yet like precious stones, each has its own special light and color. Each is ablaze with flowers chosen for harmony of scent as well as harmony of color. Each garden features rippling streams with cascades, playing fountains, pools and airy pavilions. The total effect is one of dreamy, sensuous beauty. Dal Lake itself is perhaps the loveliest of all the lakes in Kashmir. It is about five miles long and two miles wide and is renowned for its floating gardens of lotus and water lilies.

Here also were other lakes, charming little villages, temples with intricate and beautiful carvings and well kept grounds. In one of these temple gardens at Bijbehara was a curious "Miracle Stone" which deserves mention. This stone weighs about 122 pounds, and can be lifted only in this fashion: when 11 people each place a finger beneath it and repeat a Kashmiri word "Kah"—meaning "11"—11 times, the stone will rise. The "miracle" is that if 12 or 10 fingers make the attempt, it will not rise.

In Kandy, on the Island of Ceylon, my friend and I were fortunate enough to see the Festival of the Sacred Tooth of Buddha. This festival occurs during the full moon and a parade of elephants decked out in satin and velvet robes was one of the never-to-be-forgotten sights. The huge temple as well as the whole city was illuminated with thousands of lights.

Bali was another favorite stop, and since it is away from the main travel routes, this garden island of the East Indies is still a place of innocence. Native women go about bare-breasted, and the people bathe in streams green-edged with banyan and bamboo. The majority of the Balinese remain devoutly Hindu in a nation that is heavily Moslem. Centuries of isolation have made them a world unto themselves: hospitable and gracious, yet detached and sometimes oblivious to outsiders. Everywhere are temples; thousands of temples, no two alike, decorated with demons, dragons, witches—scenes from the Ramayana, the great folk epic of the Hindus.

The temples serve as settings for the festivals which take place every other day of the week on this supremely religious island. The occasion may involve the transplanting of rice, the purification of the gods at the ocean's edge, or a cremation—this latter being a joyful affair since the dead are believed to be re-entering the cycle of reincarnation. I was most fortunate in being invited to the funeral of a Balinese nobleman, including a banquet, imposing procession and finally, the cremation itself. The native dance—the supreme triumph of most occasions—is often staged for visitors. The Balinese themselves are always an enthusiastic part of the audiences, watching the graceful movements of the ballet and listening with intensity to the oft-told tales of good dragons and wicked witches.

Especially unforgettable to me are the kris dancers, who fall in trances and stab curved daggers into their bare chests with no apparent loss of blood. And when night comes and the oil lamps flicker through the jungle, the monkey dancers fill the blackness with their hypnotic chants, and the island seethes with superstition.

Some of the age-old customs, certainly, are giving way. The winds of change begin to blow; but the Bali of today is still closer to yesterday than tomorrow.

Carmel Red Cross Receives New Ambulance

"I am very proud of the privilege of being able to take delivery on behalf of the Carmel Chapter of the Red Cross of this beautiful new ambulance for the Carmel unit of our ambulance service" said Mr. Carl P. Vetter.

The free ambulance service provided for the residents and visitors alike, is not unique to this community. It has had a long history of unselfish service in our area. It started almost 40 years ago with our ambulance in

Carmel proper. Later, a second ambulance was added in Carmel Valley and finally a third was acquired and stationed in the Big Sur area. The three ambulances are operated by volunteers of the Carmel Fire Department and the Carmel Valley Fire Department respectively. In Big Sur, they are members of a special volunteer group organized for the purpose. The volunteer ambulance operators have received intensive training in First Aid and are believed to be the

finest to be found anywhere.

All expenses connected with the services, including the cost of new equipment when needed, are met by volunteer contributions from the residents in our area, which incidentally extends from Pebble Beach in the north to the San Luis Obispo county line in the south, and from the ocean up the Carmel Valley to Jamesburg and Tassajara Hot Springs to the East.

This beautiful new ambulance for Carmel is the third to be acquired by the Chap-

ter in the past three years and our renewal program is therefore now completed for the foreseeable future. It has been possible to defray the rather substantial cost only by drawing heavily on the

Chapter reserves accumulated in previous years. It is to be hoped that our local residents will show their appreciation of the Chapter efforts by contributing to our current Red Cross Fund Drive.

Letters To The Editor

Editor
Carmel Pine Cone
Carmel, California

This is a letter of thanks for the superb efficiency and devotion to duty of the Carmel Fire Department on April 17th.

The boiler at the Carmel Museum of Art decided to let off a little steam and due to the rapid response of Chief Raleigh Belvail and his men that was all the boiler was allowed to do.

I have seen a number of volunteer fire brigades in action around the country and I think Carmel has one of the finest. We are all grateful to the Chief and his men

for their rapid reaction to our boiler's neurosis. Fortunately, because of the volunteer fire department, no damage was done in the Museum.

Sincerely,
Kent L. Seavey,
Curator.

We may live without poetry, music and art;
We may live without conscience and live without heart;
We may live without friends; we may live without books;
But civilized man can not live without cooks.
He may live without books,
what is knowledge but grieving?
He may live without hope, what is hope but deceiving?
He may live without love, what is passion but pining?
But where is the man that can live without dining?

PARTY PLANS . . .

by Phyllis Jervey

Polynesian Party

As May Day is Lei Day in Hawaii and Don Blanding, who loved Carmel, originated the celebration in the Islands, we have planned a Polynesian Party for this special occasion. Served patio style or on the terrace overlooking Carmel Bay, the following ideas reflect outdoor entertaining with utmost glamour.

Still entranced by the South Pacific banquet at the Mark Thomas Inn, recently put on with Graeme Mackenzie's and Al Railton's usual expertise, we include Boula Boula and Black Swan Glace as top gourmet offerings. These were the beginning and the climax of the "Down Under Corroboree", plus exciting entertainment by Maori dancers.

Boula Boula

This is very de luxe and rich and may be thinned down to suit the calorie-conscious . . . or maybe just let your conscience guide you to a marvelously smooth concoction. Use canned turtle soup flavored with canned puree of green peas and a light cream. Put into individual bake proof dishes such as those used for French onion soup. Cover each serving with hollandaise (which also comes canned) and whipped cream! Bake until hot, then top with grated Parmesan and run under the broiler. For those who prefer a lighter start, green turtle consomme with sherry is just as superb and fortunately quicker, less expensive and truly non-fattening!

Kulani Champagne Lobster
Six frozen rock lobster tails, thawed; ¼ cup butter; 1 white onion, sliced; 3 T. flour; 1 can consomme; dash salt and white pepper; 1 cup California champagne; 4 whole cloves; 2 t. peppercorns; 1 t. sugar; 2 T. lemon juice; ½ cup canned papaya nectar; quilted broiling foil. Serves 6.

Prepare brown sauce by melting butter and saute

onion until soft; remove onion and discard. Add flour and cook until smooth and light brown, stirring constantly. Add consomme gradually, cook over low heat until thickened; season to taste. Remove from heat and set aside. Next combine champagne, cloves and peppercorns. Cook gently about 10 minutes. Strain and set aside. Cut along membrane of thawed lobster and rip open. Remove lobster meat from shell and marinate in champagne sauce 30 minutes. Make 6 packets out of quilted foil and insert one lobster tail with 6 T. champagne sauce into each packet. Fold to seal tightly. Reserve remaining sauce to serve with cooked lobster. Either put on charcoal grill outdoors or under stove's broiler and cook 30 minutes, turning every 5 minutes. Make a criss-cross slash in each packet and serve with extra champagne sauce; packaged curried rice mix and frozen Chinese pea pods with water chestnuts complete a way-out of this world main course. This recipe won the Men's Cookout Champion of the Year Contest in Hawaii.

Now for Australia's **Black Swan Glace Adelaide**; Master Chef Richard of the Mark Thomas Inn created this beautiful dessert from frozen eclairs filled with vanilla ice cream (which can be bought at the super market) and topped each with a bitter sweet chocolate sauce. He attached delicate white wings, neck and head made with cookie dough to the eclair to resemble a swan and served his masterpiece on a bed of turquoise shredded coconut! To be sure, most of us lack the touch of a master-chef, so serve frozen (slightly thawed) chocolate eclairs instead. But with such a bountiful repast we ourselves would be satisfied with the new canned Australian Tropical Fruits, served plain or on vanilla ice-cream.

Let your guests have a choice by passing the fruits and ice cream in separate serving dishes. Coconut macaroons add that extra enchantment. Finish off with Kona or New Guinea Coffee. Australian wines and beers have a taste all their own. Party Plans would have canned turtle consomme with sherry; plain broiled lobster tails with melted butter and fresh lime wedges; papaya or the canned Australian fruits and macaroons. Period. Aloha in any case!

CHRISTIAN SCIENCE RADIO PROGRAM

"Thou Art Made Whole" is the title of Sunday's radio program on the Christian Science series "The Bible Speaks to You." It will be heard on station KGO at 7:30 a.m., KRML at 7:45 a.m., KDON at 8:45 a.m. This program dips deep into Scriptures to find authority for believing that a better Christian life can help to restore health.

CHRISTIAN SCIENCE SUNDAY SERMON

"Ye are all the children of light, and the children of the day: we are not of the night, nor of darkness."

This verse from First Thessalonians is part of the Responsive Reading from the Lesson-Sermon to be read in all Christian Science churches Sunday. The subject is "Probation after Death."

Among passages included from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, is the following: "The divine demand, 'Be ye therefore perfect,' is scientific, and the human footsteps leading to perfection are indispensable. Individuals are consistent who, watching and praying, can run, and not be weary; . . . walk, and not faint; who gain good rapidly and hold their position, or attain slowly and yield not to discouragement. God requires perfection, but not until the battle between Spirit and flesh is fought and the victory won."

Services at First Church of Christ, Scientist, Monte Verde and Sixth, Carmel, begin at 11:00 a.m. and 8:00 p.m. The public is invited to attend.

REPORTS FROM RLS

By Chandler Meloy

Dance, Speech and Sports This Week

All the stops are out for the big Spring season at the Stevenson school. The fifth grading period ends this week, there is a dance on Friday night sponsored by the Sophomore Class, the track team faces Carmel High on Friday at 3:30 p.m., the speech team travels to Gonzales on Saturday for the last tournament of the year, the swim team faced North Salinas this past Tuesday, and again on Saturday with Menlo, the tennis team travels to Bellarmine on Saturday, the golf team will join them, and the baseball team goes to Pescadero Friday afternoon. Mr. Brown, our Dean of Students who co-ordinates all the activities, is not permitted to read the preceding paragraph without Nurse Ridgeway in attendance.

The Dance Friday Night (tomorrow), under the supervision of Sophomore Class President Rick Johnson, done in an Hawaiian motif, by chief Decorator Bill Rawson, and his assistants Bruce Burrell and Bob Williams, will include a native fire-pit, a Hawaiian hut with real native food dishes, and other sundry features that carry-out the native theme. With two bands playing it will be a noisy and rock-filled evening. The bands are the Talon and Wedge, plus the New Miracle. The Food booth will be run by David Inks along with 9th grade Rick Johnson and Tom Daggett. The Santa Catalina School has been invited.

Teams had Busy Week

The baseball team, with hard hitting Eric Paulsen and teammate from basketball, John Cann, has been having a good season under headcoach Dick Zury. In the opening of the CAA Tournament last week the horsehiders took fourth place, and won their first game against Monte Vista in overtime, 4-3. Winning pitcher was Mike Green, as John Urist, John Reilly and Eric Haas shared in the victory.

The tennis team has been doing exceptionally well, now being 6-1 in high school play, and beating Menlo 6-3, York 5-1, and San Rafael 7-0.

New England Slides At Camera Club

The Padre Trails Camera Club will meet at eight o'clock on the evening of May 2, in Brey Hall of the Carmel High School. The subjects for the monthly P.S.A. contest that evening will be pictorial. Following the contest, member Ed. Brooks will present a showing of slides called, "Historical Buildings in New England." Visitors will be welcome.

Winners of the color slide contest, with "reflections" as the subject, on April 18, were Art Thorsen, Louise Van Sickle (two awards), Jeff Gholson (two awards), Beatrice Wheelock, Irene Davis, and Ed. Brooks.

interested in having the Post Office at Sunset, but there's been nothing done from the Post Office side." He went on to say that ever since 1960 when they moved into their present building people have been interested in such a move. "It's not something that has just come up."

"Usually," Strong said, "the Post Office asks for certain facilities (size, etc.) and asks people from the town for bids. Then bids are considered . . . but this has always been with private people. I don't know how it would be to work it out with the city."

Strong felt that the entire matter of moving is based on the physical facility and where they can work the mail to the best advantage.

The Post Master admitted.

Sunset Manager Cole West that there will be a need for more floor space by the end of their lease in 1970. "It's crowded now," he said, "especially in the loading area, but we can get by for a couple of years."

The present building including the loading dock has 12,000 square feet. Strong mentioned, "the Post Office usually negotiates a 10 year lease and it's hard to say what we will need in another 10 or 20 years. Probably 18,000 to 20,000 square feet." He said this with the reservation that Carmel will not go to City Delivery.

One solution Strong came up with would be to expand the branches where the population is expanding, rather than move into a new site, which would be hard to

Motels Should File Plot Plan By May 31

According to the action taken last week by the Planning Commission, all those motels which qualify for use permits under the procedures of the new Motel Ordinance are required to file a plot plan by May 31.

Those motels known to the City and which should file a plot plan if they wish to comply are:

Lamp Lighters Inn, Stone House, Forest Lodge, Edgemere Cottages, Green Lantern, Colonial Terrace Inn, Holiday House, Carmel Cottages, Buena Vista Cottages, Sea View Inn, Happy Landings and Cottages-by-the-Sea.

If any other motel or lodging unit feel they qualify, their plot plan is due at the same time. If a use permit is not taken out, according to City Attorney William Burleigh, they cannot get a building permit to make improvements.

Burleigh said, "We urge the existing motels in the R-1 District to submit their site plans to the building inspector as soon as possible so that we can process the use permits."

A public hearing has been set for June 19, 1968 at which time all motels qualifying under the ordinance will be put on public record. The Land Use Committee will take into consideration the public hearing and report back to the Board of Adjustments with a recommendation by June 26.

The public hearing is not to be confused with a public hearing when the residents may voice opposition to a subject; it only relates to the Motels that are not legally recognized.

According to City Administrator Hugh Bayless all the motels have been notified to submit plot plans.

Cycle Race At Del Monte

The Cypress Cycling Club of the Monterey Peninsula will again sponsor the annual Pebble Beach Bicycle Race, Sunday, April 28, at 11 a.m., near the Pebble Beach Polo Grounds.

The program will feature two events, a 10-mile race for juniors, veterans and women, followed by a 40-mile event for senior riders.

Some of the top riders in the nation that will be competing here will be Bob Parsons, winner of the 1966 Mt. Aspen, Colorado, Stage Race; Bob Tetzlaff, former National Road Champion; Bob Best, former Olympian, and Dan Butler, member U.S. team, 1967 Pan American Games at Winnipeg, Canada.

Local riders seeing action will be Remo D'Agliano, Maurice Roblin, Roger Cortello and Sam Hopkins.

Planning Commission Requests New Sunset Sign Be Replaced

The Planning Commissioners were rather confused yesterday at their regular meeting about their authority over the erection of the green and white tin sign in front of Sunset Center.

"I don't think any sign is to be put up without first coming before the Design Review Board," said Dorothea Roberts.

"I believe we do have jurisdiction over all signs," commented Dorothy von Meier.

But, Building Inspector Fred Cunningham disagreed and read a section of law stating that publicly maintained street or directional signs do NOT have to come before the Design Review Board. "It doesn't, then, come under your jurisdiction," Cunningham said.

With that settled, Mrs. von Meier quipped, "It doesn't say that we can't complain." So, Chairman Fred Keeble instructed Planning Director John Riling to write a letter to the new City Council informing them that "an atrocity has been committed and that the Commission requests

it be removed with a proper sign replacing the existing one."

The Commission earlier heard City Attorney William Burleigh's proposed new ordinance requiring the granting of a use permit for building sites with excessive slope. He said the goal of the ordinance is to govern building on extremely steep slopes.

After going over the ordinance with the city engineer, Burleigh suggested that building on any slope greater than 40 per cent should require a use permit.

Cunningham was asked his opinion and he thought this was a good idea and even suggested that this might be a good time to inflict design control on the residential area.

Burleigh flinched and said he felt that this last request might be a major move and should be considered at a later date.

It was finally decided that 40 per cent was a bit too much and that 30 per cent would be better. Because Burleigh had to appear at the Planning Commission meeting in Salinas, the matter was set aside for further study.

Scholarships and Honors for Students

Carmel students selected by the State Scholarship and Loan Commission include Marilyn Adams, Charles L. Anderson, Kim Dennis, Donna Manning, Pamela Mayall, Christina Morrice, John Morrice, Clifford Perry, Paula Wecker, and Jeffrey Zimmerman.

Douglas Updike, Carmel High School junior, will be the Carmel American Legion Post delegate at Boys State in Sacramento, June 15-22. Updike, who lives in the Valley, holds letters in football, basketball and track.

Two Carmel High School seniors, Don Harrison and Adrian Arima have been competing with a third boy from Hollister for a \$1000 a year, four year award from PG & E, but unhappily for our boys, the Hollister boy won.

The Department of the Army announced recently that Michael Rudzisz of Oliver Road has been selected for a four-year scholarship in the ROTC program.

James B. Smith, the son of Mr. and Mrs. Clyde J. Smith, has been named to the Dean's list at George Williams College in Downer's Grove, Illinois.

Exciting Courses In Store At CHS

Film production, literature in film, study of minorities, modern media, literature of alienation are among the courses with greater relevance to modern life, being offered to Carmel High School students next fall. Principal Arthur Gumbrell received enthusiastic support from the school board on Wednesday evening as he briefly sketched plans which he hoped would appeal to those who often reject fourth year English.

A course in anthropology and logic will also be offered for the first time as well as semester on revolutionary change in modern America, and another on minority cultures in American life. An honors course in American studies, which will investigate some aspects of the history, literature, art and music of America during several critical periods will also be offered. Another on humanities in the urban setting will be given which covers life in ancient Athens, Renaissance Florence, Revolutionary Paris, Elizabethan Paris, Revolutionary Moscow and contemporary New York.

A new course in consumer math and consumer education should fit students to live in the modern world; a science survey course which covers marine biology, astronomy, chemistry and computer science will be offered.

A course in Russian will again be offered as well as an advanced course in Spanish VI.

In the music department, an orchestra ensemble will be formed and a course in music appreciation will be given.

One of the graduating senior girls present, asked by board president Clayton Neill to comment, said, "I'm terribly jealous. It will give the kids a better outlook on school."

Dr. Taylor said that a survey of the current and projected job market was being made with the idea of better counseling of those going into the job field after graduation.

Computer Course At Carmel High Summer School

(Continued from Page 1)
only choice and six others naming it in combination with other courses. Geometry drew 17 votes with five others listing it in combination. Algebra I had 15 votes with 17 others listing Algebra with no level specified.

Driver Education was the most popular with 27 listing it as their only choice and seven others as an alternative. The rest were scattered among a wide variety of electives, both cultural and practical, and required courses.

Supt. Dr. Harris Taylor was instructed next to survey the number of students who would be willing to take summer school courses at Pacific Grove High School if transportation were provided. Pacific Grove offers an exhaustive list of summer offerings at a lower cost than Carmel, can offer them, due to a difference in State ADA funds rate.

a Home...
not a
memory...

When you have a mortgage, you have a debt. You pay it off if you live. Your family must try to pay it off, or lose the home, if you die—unless you have a mortgage cancellation policy. Such a policy will not only pay off the mortgage for your heirs but, if you live, the cash built up in the policy is available if needed for home repairs or other emergencies.
